HEALING AND HOPE FOR HOMELESS PERSONS

Over 9,500 patient admissions since 1985

Christ House's mission is to provide comprehensive and compassionate care for people experiencing homelessness with acute medical needs in the District of Columbia and to offer assistance in addressing critical issues to help break the cycle of homelessness.

A message from our Executive Director

DEAR FRIENDS,

As we reflect on 2021, we are filled with gratitude for the many ways we have come together to support the important needs of our communities. Here at Christ House, our priority has always been to provide a safe and dignifying space for our patients to rest and recuperate.

Your partnership in our mission, particularly during these challenging last two years, has provided the opportunity for healing and hope for hundreds of individuals experiencing homelessness with acute medical needs in Washington, DC. Each day we have the honor of being in community with people who teach us, help us to grow, and inspire us to continuously improve our efforts. In 2021, our work to provide comprehensive and compassionate care impacted nearly 200 individuals and at the start of 2022, we reached over 9,500 patient admissions since we first opened in 1985.

The necessity for our medical and holistic services remains in our community and we continue to adapt as the needs of the city and of people experiencing homelessness shift over time. As we look toward the days ahead, we will continue to stand alongside our patients in the journey toward healing--physically, mentally, emotionally, and spiritually.

We are grateful to you, our community, for sharing our vision of a world where everyone is provided with the dignifying care needed to heal.

Thank you for continuing to join us on this journey.

Sincerely,

A handwritten signature in cursive script that reads "Mary Jordan".

Mary Jordan, CRNP
Executive Director

MR. LOU'S STORY

For a decade, Mr. Lou had been alternating between staying at the homes of friends and living on the streets. Last year, he had to have bypass surgery on his leg to restore circulation. He had severe gangrene of his toes, a history of peripheral artery disease, a previous heart attack, and pre-diabetes.

When admitted to Christ House, Mr. Lou was initially anxious. As time passed, though, he became more comfortable and trusting of the staff. He moved forward with the necessary amputation of his toes, and stayed in our care while his foot healed, eventually receiving a prosthetic insert to help with walking.

“The care provided by Christ House is superior, nothing comes close. I like watching professionals at work, and they are true professionals. My goal is to walk normally again; they’ve gotten me out the door, walking, moving. I’m so glad my health is under control.”

Our case managers helped Mr. Lou obtain his ID, social security card, and birth certificate. They also assisted him with applying for retirement benefits, and eventually were able to connect Mr. Lou with senior citizen housing.

During his stay at Christ House, Mr. Lou grew to be a mentor for other patients. He participated frequently in patient activities, and was a lively presence in our halls. His recovery in both body and spirit was an honor to witness.

60 years	AVERAGE AGE OF KAIROS MEMBERS
98%	KAIROS MEMBER SOBRIETY RATE IN 2021
210	TOTAL PROGRAM MEMBERS SINCE 1992

In 1992, Christ House initiated the Kairos Program for patients with chronic illnesses. This residential recovery community, located around the corner from our medical respite facility, provides permanent supportive housing for former Christ House patients in studio style apartments.

Kairos Members receive continuous support services in a stable living environment that allows individuals to break the cycle of homelessness.

“Christ House and the Kairos Program helped me get my life back together. I was sick and they got me well. They helped me be able to be nice to people and speak with people again. They allowed me to love people more. If I need anything, I know they are always there for me.”

COMMUNITY ENGAGEMENT

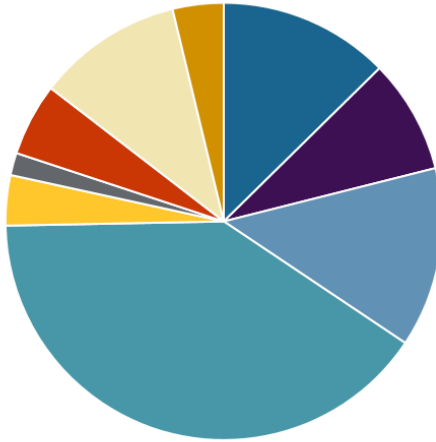

Community is at the core of our work. Throughout the pandemic, we have navigated hurdles in order to connect with our community. We are grateful for our staff and volunteers going the extra mile to coordinate numerous opportunities for community engagement in 2021.
